Dear Sir/Madam

A605 Peterborough / Oundle Road – Patching and surfacing

I am writing to inform you that Northamptonshire Highways is planning to carry out carriageway patching / surfacing of the A605 Peterborough / Oundle Rd. The extents of the works will be from the Northamptonshire County boundary sign (nr Warmington) to the Oundle Bypass (Second bridge over the Nene River). Currently we are scheduled to start on site mid August 17 completing before the August bank holiday subject to weather.

The work will be carried out under phased full road closure(s) with a fully signed diversion route for all through traffic using the A1(M) Peterborough / A14 Thrapston vice versa. We are operating a closure to protect both the public / workforce and expedite the work efficiently.

The closure(s) will be in force weekday nights between 20.00pm – 06.00am, and weekends between Fri 20.00pm – Mon 06.00am (24 hour).

Signs will be erected in advance nearer the time confirming actual dates and times prior to starting informing the general public, along each phase of the site.

Every effort has been and will be made to limit the disruption to you but, it must be appreciated that some inconvenience will result. It is suggested that you allow a little more time for journeys during the times of the closures, and if necessary access will be maintained to your property when safe to do from each end of the closure as the work progresses.

I thank you in advance for your understanding and cooperation, if you require any further information before the scheme commences please contact me. When work begins on site please contact our Construction Team on the same number above.

Yours faithfully,
Martin Smith
