

Works – A605 Barnwell to Elton Surfacing

Start date – 11/08/2017 Completion – (Weather Dependent)

Scheme type – Surfacing Works

Traffic management - Road closures with access to residents at all times

What we are doing/the benefits

Surfacing works is to take place on the section of the A605 between Barnwell and Elton which will improve the strength and structure of the carriageway and remove any weak spots.

The works will take place over two and half weeks (weather dependent) over five phases:

Phase 1: Warmington Roundabout to Elton

Weekend closure from 20:00 on Friday 11th August to 06:00 Monday 14th August

Phase 2: Oundle Roundabout to Warmington Roundabout

Weekend closure from 20:00 on Friday 19th August to 06:00 Monday 21st August

Phase 3: Barnwell to Oundle Roundabout

Night closures from 20:00 to 06:00 on Monday 14th August to Tuesday 15th August and on Friday 18th August

Phase 4: Warmington Roundabout

Night closures from 20:00 to 06:00 on Monday 21st August to Wednesday 23rd August

Phase 5: Oundle Roundabout

Night closures from 20:00 to 06:00 on Thursday 24th August to Friday 25th August

Working at night and at weekends means that there is less disruption for the public and our work can be completed quickly and efficiently. Whilst some of this work is noisy, we will complete these operations first and keep vehicle movement to a minimum.

When programming works we consider the impact on all road users and plan our works to minimise disruption. We do understand that the closure will be inconvenient but works can only be completed safely and efficiently with this in place. We hope any inconvenience will be tolerated for the duration of the works, as this scheme will significantly improve this route.

Traffic Management

To maintain the health and safety of the workforce and the public the works will be carried out under a road closure with a diversion route in place. A diversion will be in place at all times, red line being the road closure and the blue the diversion. Refer to roadworks.org

Information for residents and businesses

Access: Access for residents and businesses will be maintained at all times, although they will be escorted through the works by a pedestrian marshal.

Start date: 11/08/17

Pedestrians: Access will be maintained at all times with pedestrian marshals on site to assist residents

Cyclists: Access will be maintained

Contact: Gavin Hopkin

To ensure any enquiries are dealt with correctly and to report defects please use our online Street Doctor service. This process ensures issues are recorded and dealt with appropriately. Once reported you will be issued with a unique reference number and be able to follow the progress of your enquiry.
