

Northamptonshire Highways

Please look out for advanced warning signs

Highway works on Glaphthorne Road and Cotterstock Road, Oundle

- **Start date:** Monday 7 Feb, 2022
- **Completion:** Friday 4 March
- **Scheme type:** Upgrading of a crossing, footway widening and resurfacing
- **Traffic management:** 2 and 3 way temporary traffic signals
- **Hours of work:** 08:00– 16:00 Monday – Friday

What we are doing/the benefits – Northamptonshire Highways are scheduled to carry out an upgrade of an existing crossing. This will convert an existing zebra crossing to a parallel crossing which incorporates cycles. The scheme will also include widening the existing footways and an element of carriageway surfacing.

Traffic Management To maintain the health and safety of the workforce and the public the works will be carried out under 2 way and 3 way temporary traffic signals. This will be in place for the duration of the works.

The surfacing works will be undertaken towards the end of the works under a road closure. A separate information letter with the details, will follow.

The plan below shows the extents of the works shown in red. Access for residents will be maintained at all times if safe to do so.

Please look out for advanced warning signs

Highway works on Glapthorne Road and Cotterstock Road, Oundle

Pedestrians

Pedestrian routes will be available throughout the works. Please follow the signage on site to ensure you use our safe route.

Residents

Access to residents will be permitted when safe to do so. Please allow for some short delays.

Our Commitment to You

Northamptonshire Highways is committed to the consistent improvement of the places and spaces in Northamptonshire and to working closely with local communities, residents and businesses to build a better County. We promise to:

- Keep the public informed of our programme and any changes
- Minimise disruption
- Co-ordinate with other road works

Contacting us

To ensure any enquiries are dealt with correctly and to report defects please use our online Street Doctor service. This process ensures issues are recorded and dealt with appropriately. Once reported you will be issued with a unique reference number and be able to follow the progress of your enquiry.
