

Highways and Street Furniture

Please comment on the design structure of the main roads into the town and main roads in the town. E.g. dangerous routes/ spots, narrow or tight bends, poor lighting, cycle ways and signage. Car parking, parking restrictions, speed limits and traffic calming.

Important Views

What views are important to you when looking within the town, looking out of town and looking into the town

Open Spaces

Talk about anything seen from a public space/ public right of way which you feel is important to you.

Services and Amenities

Comment on the design features of services and amenities e.g. shops, post office, schools, children's playgrounds, churches, emergency services, library, medical facilities, conservation areas, notice board, post box, public phone box, pavements, street furniture, electrical, telephone and broadband lines (overhead or underground.)

Please return by 15th February.

Again we would like to say a big thank you for the great response we received on the Oundle 2020 Survey and the good turn out at December's Focus Group Meeting. The feedback and support has been invaluable and extremely helpful.

The results from the questionnaire will be available on the Oundle Town Council website at www.oundle.gov.uk shortly.

We would like to invite you to our next Focus Group Meeting on the **28th February** at the Queen Victoria Hall where we will present our progress and again ask you to contribute your thoughts and comments on our work. **In the meantime we need your views.**

What Buildings, Open Spaces and Views of Oundle Do You Value and Want to Preserve?

What Design Features Do You Feel Are Important to Oundle's Character, Charisma & Charm?

Turn over to find out more

Oundle 2020 is working with you to create a Town Plan and a Design Statement that will create an overall plan for the future of Oundle.

*The **Oundle Town Plan** will determine the future of Oundle and how it can change for the better by setting out a vision for the town and outlining how this can be achieved through an Action Plan.*

*The **Oundle Design Statement** is aimed at ensuring that our local distinctiveness and character is taken into consideration when local planning decisions are being taken.*

In order to create the Design Statement we need your thoughts and opinions again. This time we would like you to comment on the design features of certain areas, buildings and views within the town; do bear in mind that we are looking at the existing situation and not drawing up a wish-list.

Come meet and chat with us to learn more about what we're doing and what is involved in this process.

We will be holding information events on 3 separate days in St. Peters Church as follows;

- **17th January at 2pm and 5pm**
- **18th January at 2pm and 5pm**
- **12th February at 10am**

If you would like to be involved but cannot make any of these dates please fill in the pages overleaf to ensure your opinions are included. If more space is needed please attach additional notes.

Your response can be posted through the Queen Victoria Hall letterbox or handed into The Courthouse or Goldsmiths Estate Agents.

Please return by 15th February.

Give Us Your Views About the Design of These Topic Areas What is Important to You?

For each section comment on design features you find important within the Conservation Area, within the Town and the Peripheral Area.

Landscape Character

Please comment on surrounding fields including footpaths and bridleways, ponds, woods, tree preservation, hedge rows, river, wildlife.

Settlement Pattern

What design features do you value when looking at the housing pattern, layout, estates. Houses with driveways, set back from the road or directly onto the street.

Employment

Describe design features of places within the town that produces employment e.g. Shops, Schools, Marina, and Farming.

Buildings

Describe buildings with local importance e.g. history, design, materials, colour, windows, doors, porches, steps etc.
