London
SW1A 0AA

Dear Tom

Oundle Town Council Declaration of a Climate Emergency

I am writing to you on behalf of Oundle Town Council to inform you of our declaration of a climate emergency during our meeting on 21st September 2021.

As we are sure you will recognise, this means that Oundle Town Council will endeavour to take a critical look at its own processes and operations to reach net zero carbon emissions as soon as it can. It also means we will be looking at district and national government level for the same urgency in their commitments to halting excessive carbon emissions.

It is our fervent hope that you will support us in recognising our new status and in driving this important goal into reality for not just the area you serve, but the country also. We were also very pleased to have Helen Harrison from North Northants Council as a witness to the proceedings, and we will fight to help North Northants Council deliver on the promise of its climate emergency declaration.

We wish to thank you for the efforts you have put into Oundle on a range of issues thus far, and we hope that this development will also sit very happily with your duties and morals.

Yours sincerely

Emma Baker
Town Clerk
Oundle Town Council
